TEJAS SANTOSH BAWANE

AI & ML Student

tbawane642@gmail.com +91 74988 75903 Sai Baba Nagar, Kharbi, Nagpur, Maharashtra

github.com/tejasbawane

EDUCATION

Symbiosis Institute of Technology 2024 – 2028
B.Tech in Computer Science (AI/ML Specialization) Nagpur, Maharashtra

SKILLS

Languages
Python, SQL, C, Java

Soft Skills
Problem-solving, Team Collaboration, Analytical Thinking.

AI/ML
Data Analysis, Predictive Modeling, Image Processing, NumPy, Pandas, Scikit-learn.

Developer Tools
Github, Jupyter Notebooks, VS Code.

ACADEMIC PROJECTS

Change Detection using Satellite Imagery
Ongoing

- Developing a computer vision system to detect environmental changes like vegetation loss and urban expansion using satellite datasets.
- Expanding the model to identify disasters (forest fires, floods etc) and implementing predictive analytics for future land-use loss.

Server Load Distribution System

- Designed a non- real time system to optimize resource allocation across multiple servers to prevent bottlenecks.
- Innovation: Integrated SQL database architecture for robust data persistence, improving system tracking over standard implementations.
- Tech Stack: Python, SQL, Database Management.

CERTIFICATIONS

- Red Hat: Introduction to Python Programming
- Springboard Certification: Data Structures and Algorithms using Python - Part 1
